Subject: Appointment District 1 Representative

Greetings ladies and gentlemen,

I am contacting you for the purpose of submitting myself for your consideration regarding the appointment to fill the vacancy created by the resignation of council member Barbara Hamilton.

This request is not made lightly and I have spent much time over the past couple of days discussing this with family, friends and neighbors.

While I recognize that the odds may be against me, I care deeply for my community and the residents of District 1 and those matters that may impact them. There has never been a resident of the Barrio that has ever been appointed or elected to serve on the city council. My hope is to change that and to be deliberate in addressing matters coming before the city council. I do not minimize the challenges or difficulties in this endeavor but I will do my best. I intend to listen and be considerate of public input and give it the value that it deserves. I know how difficult and intimidating it can be to address the city council. I can only hope to be as diligent in advocating on behalf of all the residents of District 1 as Barbara Hamilton has demonstrated. The inner workings of municipal government will be a challenge and I will rely on the indulgence and patience of other council members and staff in order to rise to the level of being a good steward and public servant.

I thank you for your consideration in this matter.

Simon Angel

Subject: Carlsbad District 1 - Appoinment or Election Option

Greetings

As a resident and voter in Carlsbad D-1, I would like to state my opinion to have an election to fill the vacancy created by the departure of Ms. Hamilton.

City Council seats are critical in the "management/oversight" of City business and development, as well as preserving the locality for its' residents.

D-1 is experiencing ongoing redevelopment and building with much needed improvement to the traffic and circulation through D-1, the coastal road, and access to fire and safety services.

An election will bring forward candidates that can then offer their suggestions/ideas for the management of current and future development in the District.

D-1 is more than the coastal area or the Village or Barrio. We must remember that development, services, roads, etc., are impacted by the City as a whole.

Please allow we citizens to have our say by a public election.

Thank you

Patricia Amador
