Subject: district 1 appointment

Greetings from Forest Ave,

Thank you for your time, service and dedication to our community. I would like to share my thoughts about the upcoming council opening.

1. It is very important to me that the elected council member from district 1, be a part of the process in which a new member is selected. I was very disappointed that my elected council member was prevented from participating in the goals setting process last month.
2. It is also important to me that our district have representation now.
3. It appears to me that the consultant did not address the fact that we are discussing a district council member replacement and not replacing an at large council member. Our municipal code needs to be updated.
4. An appointment it should be done in a timely manner which would include the council member that is leaving having a vote in that decision.

I would enthusiastically support Simon Angel for the appointment in District 1. He has been an integral part of the community since Carlsbad's early days. Simon has been a thoughtful and measured voice throughout the years on a variety of issues. Most recently, he spoke with thousands of folks in our community about local concerns, while encouraging new voters to register. Simon almost single handedly doubled the voter turn out in the Barrio. He also spoke with folks throughout district 1 and district 3. Simon would be an excellent addition to the council and is aligned with the council member who was duly elected.

Thank you for your time and consideration with this matter.

Best Regards,
Lisa McKethan

RE: Barbara Hamilton vacated council seat

I am writing about the vacated council seat in district one.. I am opposed to the council 'replacing' this seat via appointment by the other council members. This seat is in play until 2022 and a replacement of anyone other than someone voted on by the district seems undemocratic.

The emails on this topic state that a cost of \$300k would be incurred to hold an election. We are already having an election for two other districts in 2020. I believe the seat should remain open, sans a council member until one can be voted in by the residents.

That said, I am curious as to your feelings on this subject.

I will be attending tonight's meeting and would like speak with each of you on this matter.

Thank you for your insights, advice

Best

Nadine Bopp

Resident, district one
