Good morning,

I am writing to you about the topic of mask enforcement that is on the schedule. I am a actual Carlsbad resident.

While I do believe that wearing a mask when social distancing isn't possible is important I do not believe that let enforcement should be used to enforce it. There are many different reports out now that say that masks 90% of the population wear do nothing. That the mask actually need to be 2 ply and and have specific characteristics. Therefore enforcing the mask law makes it difficult, you would also need to check everyone's mask to see if it is two ply Or actually effective.

Please do not use police to enforce mask rules.

Dear councilmen:

1. I am concerned that the mask mandate provides a false sense of security. The research is mixed at best. The public does not have N95 or better masks to provide an adequate level of protection.
2. The mask mandate treads on our freedoms. You will enforce mandates using the police. What happens if someone refuses to wear it? Fines? If they refuse to pay the fine? Arrest? Jail time?
3. I support helping our local business move outdoor to keep them operational.

I hope that the city council has the wisdom and courage to stand up for truth and real science.

Sincerely,

To who it may concern,

I am a Carlsbad resident and am terribly concerned about our city enforcing the wearing of facial coverings. The wearing of facial coverings should be treated as a recommendation. There are many of our residents who fall into the exempt category and should never be asked to wear one. I believe enforcing this mandate (it is not a law) is a violation of our personal liberties.

Please consider this,

City Council -

I strongly urge the Council to oppose Item 11 - Administrative Enforcement of Facial Coverings with the City of Carlsbad. The state and county have already mandated facial coverings for our state and county - WE DO NOT NEED OUR POLICE writing citations to enforce these orders. Let's keep life in Carlsbad rad by civilly asking citizens, businesses and visitors to do the right thing...but let's not make Carlsbad a police state.
