To: City Clerk CITY COUNCIL
Subject: Masks Date 7/28 CA CC
CM ACM DCM (3)

Masks are creating divide amongst our city. The death rate of this virus no longer suggests a pandemic thus we should not be required to wear masks. The new case counts are unreliable and should not be a factor in this decision making process. Many people who do not expand their education on this matter only look to major news channels and all they know is what they want you to hear, and this has caused u due fear in many citizens and it needs to stop. These fearful citizens look at others who do not wear masks, those who have educated themselves past major news stations, as if we want to harm them thus creating this horrible divide. Please consider retracting this unconstitutional mandate, allowing citizens choice, for the good of our community. Thank you.

Subject: Item 11 - Administrative Enforcement of the Facial Covering Requirements of State and County Public Health Orders

Mayor and City Council Members,

Please pass the draft resolution that permits local administrative enforcement of the face covering mandate.

Unfortunately, the outreach efforts by Carlsbad's law enforcement officers and public servants have been insufficient to change the behavior of our citizens. The Village and the seawall have become places that cause me and my family great consternation because the sidewalks are packed with people – shoulder to shoulder – and only a portion use face coverings. My children laugh at the large electronic "MASK REQUIRED" sign that is along Carlsbad Boulevard because they can see the dozens of noncompliant people that walk past it with no repercussions. While my children laugh at that situation, I feel anger because I know that their noncompliance just means that this pandemic will stretch out longer.

Like everyone else, I want to return to my pre-pandemic life. This will only happen if we use all the tools at our disposal to push down these COVID numbers, including active enforcement of the face covering mandate.

Regards,

Briana Corso
