DISTRIBUTED DURING PUBLIC
COMMENT AT COUNCIL
MEETING OF 8/18/2020

For the city council meeting records: This is dirt from my screen over one day. Why worry about Covid when you breathe this every day. This is affecting the entire neighborhood of San Pacifico, part of the city of Carlsbad, which you represent. Why do you do nothing to help us? When the drivers spark a fire, and burn down this neighborhood, will you even notice? That will be next as it is now fire season and these off-road illegal drivers do this daily.
