CITY COUNCIL
Date *9/1/20* CA CC
CM ACM DCM (3)

As Summer 2020 comes to an end, I would as the city council to explain why we he section of PCH from La Costa to Cannon is still 50MPH.

There is no good explanation, the speed limit MUST be reduced to 30.

Speed to the south of laCosta is 30, north of cannon 30. There is Continuous residential, campground, beach foot traffic along this stretch of highway but the pedestrian is not given priority. The 5 is less than a mile inland, if motorists would like to go full speed they have access to a large highway within eyesight.

PCH should be returned to the pedestrian. I am sick and tired of dodging speeding cars as I walk to access our beaches with my children.

Thank you for your time and consideration .

Mark ODonnell
