City Clerk,  
Please bring this up at the next Council Meeting (9/15) if possible under Public Comment:

Mayor and Council Members,

It is time for the City of Carlsbad to get onboard with Encinitas, Solana Beach and Del Mar and ban gas powered leaf blowers, specifically in residential areas.  
Everyday of the week a different landscaper works on a different house and blows and blows and blows. Blowing dust and polluting the local air, everyday starting at 7:00 am!  
Most landscapers don't even use them correctly.  
Carlsbad is behind the times on this issue.  
What can we citizens do for clean air and a little peace and quite in our neighborhoods?

Tim Thiele
