Subject: \$70,000 of taxpayer funds!

All Receive - Agenda Item # 3
For the Information of the:
CITY COUNCIL
Date 9/22 CA CC
CM ACM DCM (3)

With all the financial strain That the city has and will continue to endure as a result of Covid and reduced tax revenues to the city, we should not be wasting \$70,000 of taxpayer money allocated to the police to enforce mask-wearing at the beach.

We need to use that money for more useful and important issues.

Elizabeth Jacinto
15-year Carlsbad resident.

Subject: Mask Enforcement

To whom this may concern,

I am beyond disappointed to learn that there is a proposed vote to decide whether we should allocate 70,000 dollars towards more mask restrictions. We are DONE being micromanaged. You say this is about being SAFE. You say this is about keeping people healthy. I disagree with these motives. Government has lost my trust long ago when prisoners were being allowed to leave the jails. If you cared about our safety then criminals would still be in jail and police would not be asked to waste their time bothering good citizens. A man attempted to kidnap a child in Vista this week. He is now back at his Carlsbad home because of COVID restrictions he was allowed to bail himself out. HOW DOES THIS KIND OF LOGIC KEEP ANYONE SAFE???? If your masks worked then prisoners should be fine 6 feet apart and wearing masks in jail where they have way more control over prisoners. NOTHING MAKES SENSE except that this is about power. I am done. I call your bluff. You do not truly care about your residents here. This is about control and manipulation. I played along in the beginning happily. As did so many. We believed that you had our best interest at heart. We were fooled. The virus is of course real but it does not equate to the type of measures we are experiencing. The children are the ones who are hurt the most through this. The playgrounds are all netted up, families get called the cops when they play at the hoops, people are against each other. If you cared about your Carlsbad residents you would OPEN UP and allow us to all get back to work, school, and to get Vitamin D without Masks at the beach. If you cared you would vote against this stupid idea to police us more and actually put the resources towards helping others not fining your TAX paying citizens. You are not representing the majority opinion.

Sincerely,
Kelli Dix

Subject: No masks at beach

City council,
I want to express my disapproval of a city mask mandate and especially of a requirement to wear masks anywhere outside—especially the beach. Thanks,
Amy

Subject: No mask mandate OUTSIDE

Attn: City Council:

I want to express my disapproval of a city mask mandate to wear masks outside, especially at the beach, in our lovely city of Carlsbad.

It's been over six months, I have seen parks & playgrounds taped off, please look at the data and give your community the option to choose to wear masks outside, if they wish. Our north county constituents have obliged, we have been responsible citizens. Wearing a mask inside is one thing, but mandating one for outdoors in the fresh air would be absolutely crossing the line.

Listen to your constituents.

Regards,
Danielle Morales

Subject: Please read at city council meeting

Hello,

I am an OB/GYN physician, mother of 4 small children and live in Carlsbad. I feel it is a wasteful use of resources for police to ticket/patrol at the beach to forcibly make people wear masks. The chance of catching covid outdoors in the setting of passing someone briefly at the beach is very slim. Please spend the money on something more useful for the Carlsbad citizens. I would also implore you to please open the city playgrounds. Children are being unnecessarily punished during this pandemic for a disease that they are highly unlikely to suffer from.

With kindest regards,

Dr. Allyson Davis

Subject: Against money for policing masks

Hello city council members,

I am writing to ask you to not approve the proposal to take \$70,000 of our city budget to police our beaches and hand out citations for not wearing masks. As a citizen of Carlsbad I find the idea outrageous. That money can be spent in so many better ways. Please do not give in to the few who are pushing for this. We do not need additional policing!

I am also asking that you please open up our playgrounds! Our children are already being punished in so many ways, it is time to let them play outside again!

Thank you,

Anna Connelly
