Subject: Bike park - yes

Good morning - please add my family to the vote in favor of a bike park in the plan for our new Veterans' Park! This is greatly needed and a sport that will not wane in popularity in the coming decades.

Thank you,

Amy Pike

Subject: Bike Park

I have just learned that some parents are interested in having a bike park in Carlsbad. Given the events of this past year, and the fluctuating guidelines from the new administration, I think if there is an activity that would allow children to be outside with an availability to safely social distance this would be very worthwhile to them mentally and physically. I fully support the efforts from these parents to better their children's lives.

Sincerely,
Mary Cicone

Subject: Carlsbad Bike Park

Heard about the plans in talks to make the bike park. That would be amazing for the community to have some good fun and exercise outdoors.
