RE: Support for Republic Services

Dear Mayor Hall and Councilmembers:

I'm pleased to write this letter of support for Republic Services. For many years, Republic Services has been our waste hauler of choice in disposing of thousands of pounds of food waste and other debris from our restaurant in Mission Valley. The company has provided a critical service at an affordable price, which is critical to businesses like mine that operate on a slim profit margin.

I hope you will find Republic Services a strong candidate for the Franchise Agreement with the city of Carlsbad. The three components of the franchise agreement – a preferred disposal rate, secure disposal capacity at its landfill, and a franchise fee based on annual revenues - will help control City costs now and into the future, as will free up municipal funds that could be spent on other critical programs like public safety.

Thank you for your consideration.

Sincerely,
